

ALAIN PATRICK MUNYESHURI MANZI

FULL-STACK SOFTWARE ENGINEER & ICT PROFESSIONAL

PROFESSIONAL SUMMARY

Full-Stack Software Engineer with 4+ years of experience delivering production-grade web applications, telecom backend systems, and AI-powered platforms for clients across Africa and internationally. Co-founder of BootSkills, an EdTech learning marketplace for Africa, with experience in tech leadership, mentoring, and building Kinyarwanda NLP chatbots. Proven ability to work autonomously in fully remote environments, lead engineering teams, and ship scalable solutions across SaaS, EdTech, Telecom, and AI verticals. Strong communicator with a collaborative mindset built for global, distributed teams.

PROFESSIONAL EXPERIENCE

Co-Founder, BootSkills, Kigali

MAY 2025 – PRESENT

- Co-founded a learning marketplace making practical, job-ready skills accessible across Africa and the wider region.
- Built and launched the platform end to end: course publishing, enrollment, payments, and certification in one system.
- Designed the two-sided marketplace model so instructors can upload and sell courses while learners enroll with flexible payment.
- Created a scholarship pathway that removes cost as a barrier, and placed learners into projects and internships through partners (Inzira Initiative, Bootskills Lab, Community Engaged for Development).

CTO & Lead Software Engineer, Genesis Codeworks / Genesis Tech

NOV 2024 – PRESENT

- Architected full-stack SaaS products (inventory, school management, business platforms) serving 500+ active users.
- Led a team of 5 engineers — code reviews, sprint planning, architecture decisions, and CI/CD pipelines.
- Built and deployed Node.js REST APIs on cloud infrastructure (AWS / DigitalOcean) with 99.5% uptime.
- Reduced system incidents by 40% via automated testing, monitoring, and proactive DevOps practices.

ICT & Coding Officer, Alight Rwanda (US-based Global Humanitarian NGO), Kigali

JAN 2025 – PRESENT

- Manage full ICT operations and digital learning infrastructure for an international organization.
- Designed and deliver a structured coding curriculum to 100+ learners in web development.
- Coordinate directly with US-based HQ on technology strategy, digital transformation, and reporting.

Backend Engineer — Telecom Platforms, MISTA LLC, Kigali

DEC 2024 – AUG 2025

- Engineered high-volume SMS, USSD, and Voice backend systems processing 100K+ daily transactions.
- Integrated telecom operator APIs with secure authentication and real-time event handling.
- Optimized database queries and API performance, achieving faster response times at scale.

DETAILS

Kigali, Kigali City
Rwanda

CORE SKILLS

Frontend Dev

React.js / Next.js
TypeScript / JavaScript
HTML5 · CSS3 · Tailwind

Backend Dev

Node.js · Express
REST API Design
PostgreSQL · MySQL · MongoDB
Mongoose ODM

DevOps & Cloud

Git · GitHub Actions
Docker
AWS · DigitalOcean

AI & ML

Machine Learning · Deep Learning
Kinyarwanda NLP
OpenAI API Integration
OpenCV · PyTorch
AI-powered Applications

Design & Tools

Figma · UI/UX Prototyping
Jira · GitHub

Other Languages

C · C++ · Visual Basic

ICT & Systems

Linux Admin
Networking
IT Support & Maintenance

Business

EdTech · Marketing Strategy

LANGUAGES

English — Professional
Proficiency

Kinyarwanda — Native
